

National Parks of the Northwest

AUGUST 17-25, 2026 • SEPTEMBER 18-26, 2026

NEW TOUR

Discover the Natural Wonders of Crater Lake, Redwood, and Lassen Volcanic National Parks

From the sapphire depths of Crater Lake and the towering redwoods of Northern California to the bubbling hydrothermal wonders of Lassen, Oregon and Northern California contain some of the greatest natural wonders in the country. With immersive experiences and breathtaking landscapes at every turn, this tour is a celebration of the Northwest's wild and wondrous spirit.

DAY 1: WELCOME TO OREGON!

Fly to Portland for dinner and overnight stay. *D*

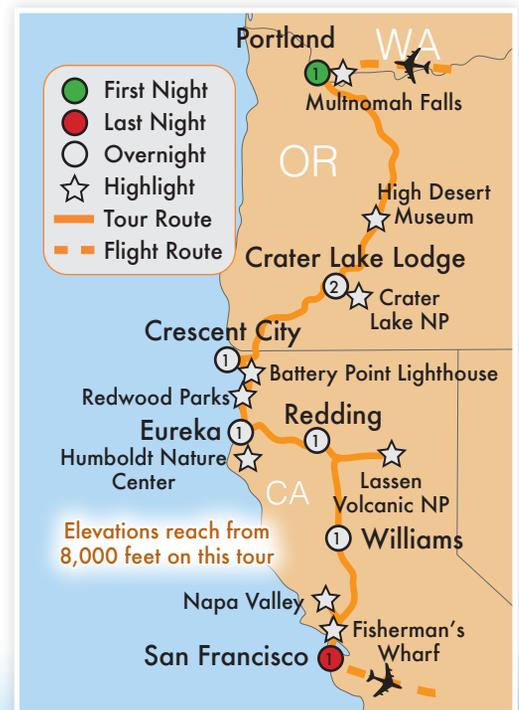

DAY 2: COLUMBIA RIVER/BEND

Make a morning visit to Multnomah Falls, one of the most awe-inspiring sights along the beautiful Columbia River Gorge. Head to Bend for a visit to the High Desert Museum, where the wildlife, history, and art of Central Oregon come to life. Continue to one of the oldest National Parks in the country, Crater Lake, established in 1902. Stay at the historic Crater Lake Lodge for a peaceful 2-night stay along the rim of the nation's deepest lake. *B, L*

DAY 3: CRATER LAKE NATIONAL PARK

Be amazed at the stunning beauty of Crater Lake. Learn about how a collapsed volcano created this natural wonder, and see all the best viewpoints during a detailed guided tour. Return to the lodge for leisure time to explore more of the park on your own; take on a nearby trail or attend an informative ranger program. Enjoy dinner in the lodge dining room. *B, D*

NOTE: Crater Lake Lodge is a historic property with rooms that do not have air conditioning or television. Situated at 7,100 feet elevation, temperatures are typically mild in the summer months.

DAY 4: SCENIC FLOAT

Depart Crater Lake for Grants Pass for a scenic calm-water float trip on the Rogue River. Take in the fresh air and beautiful scenery of the surrounding forest. Continue to Crescent City, CA for ocean views at the Battery Point Lighthouse and Museum before dinner and an overnight stay. **B, D**

DAY 5: REDWOODS NATIONAL PARK

Enter the realm of giants at Redwood National and State Parks. The tallest trees in the world, coastal redwoods have been recorded growing over 350 feet high! Get a close-up look at the forest canopy with a gondola ride at the Trees of Mystery, and enjoy a guided walk back on the forest floor. Overnight in Eureka, CA. **B, D**

DAY 6: EUREKA

Enjoy a morning exploring the Redwood coast. Visit the Humboldt Coastal Nature Center to learn about the area's unique ecological diversity. Go back in history with a visit to Fort Humboldt State Historic Park, the former post of young Captain Ulysses S. Grant as the United States expanded its foothold in California amidst the Gold Rush. Continue to Redding for dinner and an overnight stay. **B, D**

DAY 7: LASSEN VOLCANIC NATIONAL PARK

Spend today exploring one of America's hidden gems, Lassen Volcanic National Park. Ride along Lassen Peak Highway and be amazed by stunning views and geologic activity. Much like Yellowstone, Lassen Volcanic is filled with areas of hydrothermal features such as hot springs, mud pots, and fumaroles. Enjoy time at the park's major features and the visitor center before continuing south towards the Bay Area. **B, L**

DAY 8: NAPA WINE COUNTRY

Savor a trip through the country's premier wine destination with a tasting and tour in Napa. Arrive in San Francisco to enjoy time in Fisherman's Wharf and a farewell dinner to reflect on a memorable trip exploring the Northwest. **B, D**

DAY 9: RETURN HOME **B** ✨

Redwood National Park
