

Magic of Winter in Yellowstone

Explore the Sparkle of our Nation's First National Park

JANUARY 25-31, 2027 • FEBRUARY 15-21, 2027

The wonders of Yellowstone have never felt so close! Under feet of snow the roads remain off limits to private vehicles, allowing for a uniquely intimate experience with nature from the warmth of your heated snow coach. In 155 years of visitors, only an intrepid handful have witnessed Yellowstone National Park in its winter glory.

DAY 1: WELCOME TO BOZEMAN!

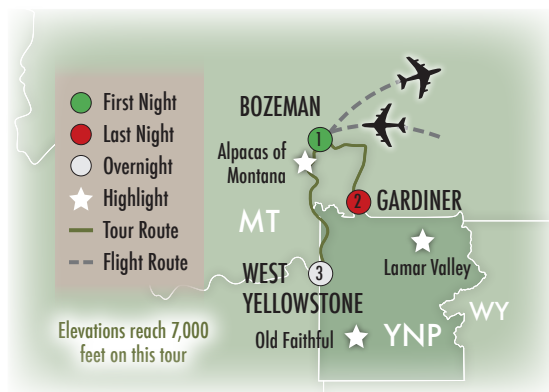

Start our winter wonderland tour in Bozeman, MT, featuring a welcome dinner and overnight stay at the Hilton Garden Inn. **D**

DAY 2: WEST YELLOWSTONE

Delight in a unique farm tour by getting up close and personal with friendly, fluffy alpacas and llamas at Alpacas of Montana. Learn about alpaca care and fiber production while walking amidst and feeding these charming animals. What a photo op! In West Yellowstone unpack for a three-night stay at the renovated Holiday Inn Hotel just steps from the world's first National Park. **B, D**

DAY 3: OLD FAITHFUL

Journey into Yellowstone National Park aboard a private, heated snowcoach guided by our local expert. Closed to normal vehicles, this is the only way to see Yellowstone cloaked in its winter beauty. Watch as herds of bison trudge through snowy valleys and see Old Faithful cast steamy water high into the winter sky. After a day exploring the snowy wilderness in comfort, return to West Yellowstone for dinner. **B, L, D**

DAY 5: 320 GUEST RANCH

Feel Montana's pioneer spirit and hear ranch stories while enjoying a hearty western meal at 320 Guest Ranch beautifully set in the heart of the snow glistening Gallatin Valley. Spend the afternoon at the Museum of the Rockies to learn how the Yellowstone area became a hotbed for geologic activity and wildlife. Later, upon arrival in Gardiner, check in for two nights at the Absaroka Lodge and enjoy the views of the park from your private balcony overlooking the mighty Yellowstone River. **B, L**

DAY 6: LAMAR VALLEY

The grand adventure begins as a naturalist guides us into the magical Lamar Valley, where bison, elk, and pronghorn graze in the territories of the Park's favorite predator—gray wolves. Since being reintroduced in 1995, wolves have been at the top of the bucket list for wildlife sightings in Yellowstone. After a morning on safari, enjoy lunch at the historic Mammoth Hot Springs Hotel and a stroll along the area's colorful thermal features before returning to Gardiner. **B, L**
